

Googolplex Written Out

Wolfgang H. Nitsche

A stylized graphic of a vinyl record. The text "volume 1000" is written in a bold, black, sans-serif font at the top. The center of the record features the number "13612" in a similar font, oriented vertically. The record itself is represented by two concentric circles of small, black, pill-shaped indentations, mimicking the grooves of a vinyl record. The overall design is minimalist and modern.

In 1940, the mathematician Edward Kasner published the book "Mathematics and the Imagination", in which he popularized the words googol and googolplex which his nephew suggested as names for big numbers.
