

Googolplex Written Out

Wolfgang H. Nitsche

A circular arrangement of the number 9, with the number 6883 at the top left and the word 'volume' at the top right.

1.0.1

Googolplex Written Out

Wolfgang H. Nitsche

Stanford University

A large circle composed of black digits. The top half of the circle consists of the digit '9' repeated approximately 18 times. The bottom half consists of the digit '6' repeated approximately 18 times. On the left side, where the two halves meet, the sequence of digits is '76883'. The word 'volume' is written in a bold, sans-serif font at the top left, outside the circle.

volume

In 1940, the mathematician Edward Kasner published the book "Mathematics and the Imagination", in which he popularized the words googol and googolplex which his nephew suggested as names for big numbers.

[illegible]
$$\text{googolplex} = 10^{\text{googol}} = 10^{(10^{100})}$$
