

Googolplex Written Out

Wolfgang H. Nitsche

A circular arrangement of the number 9, with the number 8 and 0 at the top left, and the number 7 at the top right.

Googolplex Written Out

Wolfgang H. Nitsche

Stanford University

A circular arrangement of numbers forming a ring. The sequence starts with '8' at the top left, followed by several '9's, then '6's, and finally '0's at the bottom.

In 1940, the mathematician Edward Kasner published the book "Mathematics and the Imagination", in which he popularized the words googol and googolplex which his nephew suggested as names for big numbers.

[illegible]
$$\text{googolplex} = 10^{\text{googol}} = 10^{(10^{100})}$$
