

Googolplex Written Out

Wolfgang H. Nitsche

A graphic featuring a spiral pattern of numbers. The spiral starts with the word 'volume' in a bold, black, sans-serif font at the top left. The numbers 9, 6, 5, 1, 3, and 8 are arranged in a clockwise spiral pattern, with the digit '9' forming the outermost ring and the digit '8' at the center. The numbers are in a bold, black, sans-serif font, matching the style of the word 'volume'. The spiral is composed of six concentric rings of numbers, with the outermost ring being the largest and the innermost being the smallest. The numbers are arranged in a way that they follow the curve of the spiral, creating a sense of motion and depth. The background is plain white, which makes the black text and numbers stand out. The overall composition is clean and modern, with a focus on typography and geometric patterns.

Googolplex Written Out

Wolfgang H. Nitsche

Stanford University

In 1940, the mathematician Edward Kasner published the book "Mathematics and the Imagination", in which he popularized the words googol and googolplex which his nephew suggested as names for big numbers.

$\text{googol} = 10^{100}$

$$\text{googolplex} = 10^{\text{googol}} = 10^{(10^{100})}$$
