

Googolplex Written Out

Wolfgang H. Nitsche

A graphic featuring a spiral pattern of numbers. The spiral starts with the word 'volume' in a bold, black, sans-serif font at the top left. The numbers 9, 6, 3, 7, and 1 are arranged in a clockwise spiral pattern, with the number 9 appearing most frequently. The spiral is composed of two concentric rings of numbers, with the inner ring containing the numbers 9, 6, 3, 7, and 1 in sequence, and the outer ring containing the number 9 repeatedly. The numbers are in a bold, black, sans-serif font, matching the 'volume' text. The overall design is minimalist and modern, with a focus on typography and geometric patterns.

Googolplex Written Out

Wolfgang H. Nitsche

Stanford University

In 1940, the mathematician Edward Kasner published the book "Mathematics and the Imagination", in which he popularized the words googol and googolplex which his nephew suggested as names for big numbers.

[illegible]
$$\text{googolplex} = 10^{\text{googol}} = 10^{(10^{100})}$$
