

Googolplex Written Out

Wolfgang H. Nitsche

A graphic featuring a spiral shape formed by the digits 9 and 6. The spiral starts at the top left with the word 'volume' in a bold, black, sans-serif font. The digits 9 and 6 are arranged in a continuous, winding pattern that fills the majority of the frame. The digits are black and have a slightly irregular, hand-drawn appearance. The spiral begins with a '9' and continues to wind inward, ending with a '3' in the center. The overall effect is a dense, circular pattern of numbers.

Googolplex Written Out

Wolfgang H. Nitsche

Stanford University

In 1940, the mathematician Edward Kasner published the book "Mathematics and the Imagination", in which he popularized the words googol and googolplex which his nephew suggested as names for big numbers.
