

Googolplex Written Out

Wolfgang H. Nitsche

A graphic featuring a spiral shape formed by the digits 9 and 6. The spiral starts at the top left with the word 'volume' in a bold, black, sans-serif font. The spiral itself is composed of a sequence of 9s and 6s, with the 9s forming the outer edge and the 6s forming the inner edge. The digits are arranged in a way that creates a sense of depth and movement, spiraling outwards from the center. The overall design is minimalist and modern, using a monochromatic black and white color scheme.

1.0.1

Googolplex Written Out

Wolfgang H. Nitsche

Stanford University

In 1940, the mathematician Edward Kasner published the book "Mathematics and the Imagination", in which he popularized the words googol and googolplex which his nephew suggested as names for big numbers.

[illegible]
$$\text{googolplex} = 10^{\text{googol}} = 10^{(10^{100})}$$
