

Googolplex Written Out

Wolfgang H. Nitsche

A graphic featuring a spiral pattern of the characters '9' and '6' arranged in concentric rings. The word 'volume' is positioned at the top left of the spiral. The spiral starts with '9's in the center and transitions to '6's as it moves outwards, creating a continuous, winding path.

Googolplex Written Out

Wolfgang H. Nitsche

Stanford University

volume

In 1940, the mathematician Edward Kasner published the book "Mathematics and the Imagination", in which he popularized the words googol and googolplex which his nephew suggested as names for big numbers.

$\text{googol} = 10^{100}$

$$\text{googolplex} = 10^{\text{googol}} = 10^{(10^{100})}$$
