

Googolplex Written Out

Wolfgang H. Nitsche

A graphic featuring a spiral pattern of the digits '9' and '6' arranged in concentric circles. The word 'volume' is positioned at the top left of the spiral. The spiral starts with the digit '8' in the center and winds outwards, alternating between '9' and '6' as it forms multiple loops. The overall shape is roughly circular, with the digits '9' and '6' creating a textured, organic feel.

Googolplex Written Out

Wolfgang H. Nitsche

Stanford University

In 1940, the mathematician Edward Kasner published the book "Mathematics and the Imagination", in which he popularized the words googol and googolplex which his nephew suggested as names for big numbers.

[illegible]
$$\text{googolplex} = 10^{\text{googol}} = 10^{(10^{100})}$$
[illegible][illegible]
