

Googolplex Written Out

Wolfgang H. Nitsche

A graphic featuring a spiral pattern of the digits 6, 9, and 8. The spiral starts from the center and winds outwards in a clockwise direction. The word "volume" is positioned at the top left of the image, above the spiral. The digits are arranged in a way that they form a continuous, flowing line as they spiral outwards.

Stanford University

In 1940, the mathematician Edward Kasner published the book "Mathematics and the Imagination", in which he popularized the words googol and googolplex which his nephew suggested as names for big numbers.

[illegible]
$$\text{googolplex} = 10^{\text{googol}} = 10^{(10^{100})}$$
