

Googolplex Written Out

Wolfgang H. Nitsche

A graphic featuring a spiral pattern of the digits 9 and 6. The spiral starts with a '9' in the center and winds outwards, alternating between '9's and '6's. The word 'volume' is written in a bold, black, sans-serif font at the top left of the image.

Googolplex Written Out

Wolfgang H. Nitsche

Stanford University

A black and white graphic. At the top left, the word "volume" is written in a bold, sans-serif font. To its right, a large, stylized number "6" is formed by a spiral of the digit "9". The spiral starts from the center and winds outwards, creating a sense of motion and depth. The overall composition is minimalist and visually striking.

In 1940, the mathematician Edward Kasner published the book "Mathematics and the Imagination", in which he popularized the words googol and googolplex which his nephew suggested as names for big numbers.

[illegible]
$$\text{googolplex} = 10^{\text{googol}} = 10^{(10^{100})}$$
