

Googolplex Written Out

Wolfgang H. Nitsche

A black and white graphic featuring concentric circles composed of the number '9'. The outermost circle is labeled "volume" at the top left. Inside it are three more circles made of '9's. In the center, the numbers "4341" are arranged vertically.

Googolplex Written Out

Wolfgang H. Nitsche

Stanford University

[illegible]

In 1940, the mathematician Edward Kasner published the book "Mathematics and the Imagination", in which he popularized the words googol and googolplex which his nephew suggested as names for big numbers.

$$\text{googolplex} = 10^{\text{googol}} = 10^{(10^{100})}$$
